

## **Africa Report**

**Dear IFEA president and board of Directors, Dear Country representatives,**

As IFEA Africa Regent for this period and on behalf of the Egyptian Association of Endodontists (EAE), we send you our warmest regards and sincere wishes for a brighter future of our profession especially being united in one big association as IFEA.

### **Egyptian Association of Endodontists' Annual Report**

We are planning our PanEndo25: From Africa to the World under the slogan, Future of Endodontics: What lays ahead. It will be held on Dec. 3-5, 2025. Many international speakers and representatives of different associations will join us in this meeting making it the biggest endodontic meeting in the Middle East and Africa. The conference will be held in the charming city of Cairo, the largest city in the Middle East and Africa. It combines the mystic ancient history with the cosmopolitan style in a unique way hardly to find elsewhere. We are awaiting you all to experience this magnificent journey of both history and science.

On the other hand, several courses and lectures in different places of Egypt has been conducted by our association members.

Sincerely yours

Ahmed A Hashem
